Report Completed by: _____ Date: _____

Please return by 3-31-2012 to: Western Yearly Meeting P.O. Box 70 Plainfield, IN 46168

To clarify what is meant by average attendance at A.M. worship, please use the following definition:

Everyone at the meetinghouse for any duration during the time of the Sunday morning worship service(s) should be tallied as being in attendance. This includes members, attendees, visitors, children, baby sitters, babies in the nursery, people in another part of the meetinghouse preparing food, guest musicians, etc. If your Meeting has a separate worship service for youth at this same time, they should be included in this number. If your meeting has two worship services on Sunday morning, your number should be the net total from both services combined. If your meeting has only a Sunday School service, you should submit the number that attend during that service. If your meeting is one which is dually affiliated in two Yearly Meetings, you should report one-half of your average AM worship attendance. Attendance at any other time (such as Easter Sunrise, Christmas Eve, Saturday night or Wednesday evening) should not be counted. Regardless of the number of times you meet, i.e.: weekly or less frequently, you simply calculate the weekly average for your meeting during the previous year.

For clarification or questions on completing this form, please contact the Yearly Meeting statistical secretary, Tom Roberts, at (317) 730-2268 or <tomjroberts@juno.com>.
