

Nurture Questionnaire
Western Yearly Meeting Board on Meeting Development and Nurture

We feel our committee over the years has overlooked the “nurture” part of our responsibilities. Our committee’s description as described in our Faith and Practice is: ...to be an extensive resource to existing meetings within the yearly meeting. The Webster Dictionary defines “nurture” as: 1)Something that nourishes 2) Upbringing; rearing 3)To nourish; feed 4)To educate; train 5)To foster; cultivate. With this in mind, we have designed this questionnaire to reach above and beyond your monetary needs in hopes that we can better serve the spiritual and physical needs of your Meeting.

Anytime you are looking for guidance; wanting to know what other Meetings are doing to reach others; or just want to discuss some growth ideas, please complete the questionnaire below. **NOTE:** Board meetings are third Saturdays of January, May and September. If you are submitting a questionnaire please send at least two weeks prior to each scheduled meeting.

Please complete the following Meeting information:
